

Launch of Equality Network in County Offaly

INCLUSION IRELAND

National Association for People with an Intellectual Disability

Enhancing Equality Offaly is a group of people with disabilities, and community and disability organisations, including Inclusion Ireland.

The group came together in January 2018.

The group is starting an "Equality Network" in county Offaly.

The launch of the Network will be on February 18th, 2019.

The group has been involved in some activities since it started in January. This includes:

- "Make Way Day", in Tullamore
- Organising a photography course for people with a disability
- Providing disability awareness training

We want to improve equality in County Offaly and make sure the voice of people with disabilities is heard.
