

## **Personalised budget demonstration projects coming soon**

A personal budget is an amount of money that you use to get the services and supports that you need in your life.

You decide how to spend the money in your personal budget.

The HSE is now starting to test different ways of giving people a personal budget.

They are looking for 90 people to take part in the first part of the project.

### **Who can apply?**

All adults who are currently receiving some form of HSE funded disability service. For example, residential, day service, respite, PA services.

Young people who are leaving school in 2019 that have a commitment to a HSE funded day service, can also apply.

Children, people who are receiving older person's services or people who are not currently receiving any HSE funded disability service can not apply

### **How can I find out more and how can I apply?**

You should get in contact with the HSE before 16<sup>th</sup> October 2019 if you would like to take part.

The HSE is developing a website and easy to read information for people who are interesting in taking part. It is expected that this will be available from September.
